Canvas Mobile App

On mobile devices, Canvas is designed to be used within Canvas mobile applications. Instructure has one native mobile application for observers free for download on both phones and tablets.

- To download the application go to your app store and search **Canvas Instructure Parent**.
- Login using your email and password
- This app is designed for you to engage in your students' education and view assignments, events, and grades.

Parents/Guardians with more than 1 student

While logged into Canvas open the user settings

In **User Navigation**, click the Observing link

Add Student

1. Enter student username
2. Enter Student password
3. Click +Student

Canvas Parent App-View student Courses and Grades

Canvas Parent enhances the potential for parents to engage in their children's education. Parents can review upcoming or past assignments, check on grades, and receive course announcements.

Courses tab - displays the list of courses where students are enrolled. For each course, **parents can see** course **grades**, the **syllabus**, and **assignments and events**.

Assignments and events can be viewed by course or week. **Parents can set reminders for a specific assignment or event**, which are sent to mobile devices as push notifications.

The app settings allow parents to **set alerts for specific assignment and grade activity**. Alerts are displayed in the Alerts page in the app.
